

CRAFT OF THE MONTH

DECEMBER 2008

SOCK SNOWMAN

What you will need:

- White socks
- Yarn
- Pom-poms
- Beads and/ or buttons
- Felt
- Rice
- Wiggle eyes
- Glue

What you need to do:

Fill the sock about 2/3 full with rice. Using the yarn, tie the sock closed about 1 inch above the rice.

Divide the rice filled section almost in half. You will want the top section to be a bit smaller. This will be the snowman's head. Tie a piece of yarn tightly around it.

Fold down the top of the sock, (i.e. the empty half) so it looks like a hat. Glue a large pom-pom on the top of the hat. Use a piece of felt and cut out a scarf shape. Tie it around the neck, secure with a little glue.

Use wiggle eyes, beads, buttons or scrap felt to make your snowman's features.
