Festive Fun

On the 18th, 21st and 23rd December, over 100 children and their families joined us for our Christmas celebrations. Santa and his helpers stopped by and met all the children in his magical grotto. The mince pies and mulled wine were a great hit with everyone. The children made a wonderful selection of decorations, party hats and presents, including some beautiful lavender bags, the craft room has never smelt so good...Thanks to everyone who helped make the festivities so enjoyable...

Donated Items...We are extremely grateful for all the fantastic items that you have donated to us over the past years, which have really helped us in establishing Thomley. However we are now beginning to become tight on space and would appreciate a quick phone call, or chat with staff to make sure that we need any further items before bringing them to the centre.

User Consultation... in the last newsletter we sent everyone a questionnaire to find out what works well and what developments need to be made at Thomley...Thank you to the 29 of you who returned the form to us.

The results have shown that our users would like the field to be developed with more activity equipment and for us to be open on more days during the holidays.

We have received funding for a slide with wheelchair access and we are currently working with the designers. We will keep you updated of the progress. Future plans include a bike track for which we will seek funding in the near future.

This term we have opened an extra day for schools, to reflect the increase in usage.

We hope to open more in the holidays but need to secure funding for a further member of staff before we can do this. Please be assured that we are doing all we can to offer an increased service to you all....

Wish List.....

Does anyone know where we could get any of the following items?

- Shelving
- Collapsible Table (approx 6' x 2')
- Floor cleaner/polisher
- Coffee/vending machine

Friends and Relatives of Thomley Hall (FROTH)...

Being a charity, voluntary support is absolutely invaluable to the work we do. Each and every volunteer (whether helping in the office, with the children, with fundraising events or with DIY projects) helps to enrich the lives of so many local children with disabilities, as well as their families and friends.

If you would like to help out please call the office on (01844) 338 380.

F.R.O.T.H.
